Mark, the graphics I showed are attached.

Please note that this is draft work material that I used for internal discussion purposes and does not represent final Environmental Protection Agency work product. It should not be presented as EPA material being used by the Navy.

Thanks,

Subject: TRIM Poster

Omer,

We really liked the TRIM poster you flashed on the screen today; the one that had the schematic of the tanks and depicted the maintenance time line. Would you mind sharing that with us so we can plagiarize the graphics and general scheme? It would keep us from having to building from scratch.
Thanks
